Experience

Art & Graphic Design Knowledge

I have studied, understand, and applied the following:

- The Elements of Art
- Principles of Design
- Composition
- Color Theory
- Color grading/Compositing
- Digital 3D art
- Painting and Drawing
- Digital 2D art
- Vector art
- Video Editing

Software Experience

- Blender (6+ years experience)
- Adobe Photoshop & GIMP
- Adobe Illustrator & Inkscape
- Figma & Penpot
- Krita
- Kdenlive
- HTML & CSS
- MacOS, Windows, & Linux

Special Skills

I specialize in the following:

- 3D modeling & Texturing
- UI and UX design
- Color grading
- Digital 2D art
- Almost anything related to 3D art

Workplace Experience

I have the following workplace & volunteer experience:

- Soccer Officiating
- Summer Lawn Care Business

Projects

Animated Film

📅 2023 - present

My friends and I are working on a full-length animated movie, made using Blender. As the most experienced Blender user in our group, I am teaching my friends how to use the software effectively. Beyond teaching, I am doing all the production work (Animation, Modeling, Texturing, Lighting, etc.)

Church Website

📅 2024

I redesigned the website for Christ Church Tri-Cities using Wix. While Wix excels at template based website creation, I encountered several challenges, particularly in implementing fullscreen layouts and more advanced design features. These limitations necessitated innovative workarounds and creative solutions to achieve the desired results.

Projects

CBC Art Show

📅 2024, 2025

One of my graphic design projects was recently chosen to compete in the CBC art show. This project was the culmination of careful planning, creativity, and attention to detail, as I worked tirelessly to bring my vision to life.

Desktop Design System

📅 2024 - present

I designed and implemented a unique design system for my Linux desktop, which featured cross-hatching, bold borders, and contrasting fonts. While the cross-hatching initially posed legibility challenges, I resolved this issue by incorporating text shadows and other techniques.

Education

Three Rivers Homelink

📅 2020 - present

I am a Running Start student, attend Three Rivers Homelink part-time, am a Principal Honor Roll student, have a GPA of 3.9, and expect to graduate

Rigorous Academics

- Read 150 pages per week (5,000 per year)
- Write 12-15 essays per year
- *Maxima cum Lauda* National Latin Exam
- College classes in High School
- Rigorous literature, history, and philosophy
- Numerous extracurricular activities

Other Interests

My other hobbies and interests:

- Soccer
- Flight Simulation & Aviation
- Classical Music
- Music: Violin & Piano
- Science & Philosophy
- Dioramas & Airplane models
